Experience

Head of Animation

BFI Academy, 10/2018

- I was the head of animation for a short film 'Steve the Cream Circle, I was responsible for managing the team and overseeing their animations, giving feedback and constructive criticism when needed.
- I completed an animated segment of the film as well utilizing paper animation then moving onto Photoshop to be digitally rendered.

The Black Spider

Welsh National Oprea House, 03/2022 - 06/2022

- This was a project completed at the end of my 2nd year at USW, it was a live brief that saw me creating concept art at first for several characters in this production. My design of the Spider made it through into full production and was used as the bases for the other animators on this project.

Commissions

Independent, 2017 – Present

- I have been working independently on commissions for a few years, it started as a small thing to get my name out there but grew to the point where I was able to make money from it.
- Over the years I have completed many commission that have been primarily character based however I

also did a few realistic portraits as well and earned a fair amount of money doing so.

Personal Statement

I am an enthusiastic student who is excited to enter the world of industry, I have been working on my final year film for USW 'The Flatmates' for a short while and am currently near the end of its production. The film reflects my current skills, capabilities, and areas that need some improvements; however, I am noticeably confident in my skills that I can be an asset to any teams with an easy to adapt attitude I can use teamwork and communication effectivity to work alongside a team.
